A Salute to a

Real American

WE, the senior class of 1941, in following tradition, do offer this book, based on the democratic ideals which have become traditions in America, with the hope that in years to come, similar books will be published with the same democratic ideals and traditions still respected as public standards.

It is our belief that Nappanee High School as a unit within a great republic, exemplifies the school life of average high school students in that republic, thus this book is a chapter in the lives of American citizens—called High School.

THE FACULTY

As we, the class of 1941, pass forever from these halls, we wish to render our acknowledgments to those who have so capably guided us in our quest of higher learning.

Throughout the past four years they have endowed us with seeing eyes, hearing ears, and knowing minds. They have given the best of their abilities that we may further the work which has been so nobly started by those who have gone on before.

It is, then, for us, the class of 1941, to carry on. We must endeavor to proceed along those lines which have made our nation the land of freedom and enterprise that it is today.

To those who have led us thus far — Faculty of Nappanee High School, we salute you!

I BEQUEATH UNTO YOU—

We, the class of 1941, being of sound mind and some mental faculties, knowing only too well that we have completed our years in these halls of learning, declare this our last will and testament.

I, Richard Avenmarg, do bequeath my ability to keep all information of pranks to myself, to Francis Welty, hoping sincerely it will help silence him.

I, Arlene Bigler, do bequeath my ability to get my Chemistry by hook or crook, mostly crook, to Mary Alice Metzler, providing she takes Chemistry.

I, LaMar Clouse, do bequeath my knowledge I gained in Agriculture to James Martin, in case the need arises for him to sow any more corn than he already has.

I, Harold Copsey, do bequeath my Charles Atlas physique to anyone who can stand the strain of Atlas's ten easy lessons.

SENIOR PROPHECY 1955

The world has gone through a lot of changes, but holidays are still remembered. The Fourth of July is here again signifying "Independence"—for how long? An impressing display of fire works is being held. The men who are preparing the display appear on the field, lighting another exhibition, and as it bursts into flame it is a blazing American flag. I stare at the brilliant colors and as the flames die down and the ashes crumble I see one by one my classmates emerge from the smoking embers.

In the distance I see a great city and in flashing lights is that world-known newspaper, The Daily Snooper, owned and operated by BOB STUMP of my old class. Mr. Stump's right-hand assisant is that key-hole peeper, JEANNE MISHLER. She always was a whiz on stories—most any kind!

I see also a busy corner and standing in the midst of the traffic is none other than SERGEANT YARIAN waving his billy club at intervals. At last he can exercise his love of fighting, in the name of the law.

Glancing over to another smoldering ember, I see a ladder and at the top stands a handsome, muscular fellow driving nails into a W. P. A. project. I recognize this fellow to be HARRY MIDDLETON. Poor fellow, he seems to be having a terrible time supporting his wife, PEG SECHRIST and their three little West Pointers.

Gazing at the smoke curling skyward I see a Broadway theater, and featured this evening is that glamorous CAROLYN GENTZHORN in the stage version of "Seven Sins." Ah! at last she has them numbered. Walking on down the lighted street I come to the entrance of the Metropolitan Opera. Some inside force pushes me into the house, and there on the stage, flooded with footlights, I behold swinging, Carmen's ANNIE STUCKMAN. I hear that tonight is her last performance until she ties the knot with some Indiana playboy.

Looking off to the left at a dying ash, I see a large broadcasting station, and at the microphone is JOHN DOYLE. He's sponsoring the "Missing Heirs" program now. I always did think John would find something missing.

Glancing over to a burning ember I see a dapper dressed fellow leaving M. G. M. Goodness! It's TOM WEGMILLER. I hear he has a body-guard to protect him from the women, or is it to protect the women from him?

Turning my gaze to another crumbling ash I see the Rocky Mountains, and winding its way along a narrow path is a pack team, and leading the mules is a tall, muscular fellow. Why, its LaMAR METZLER. I always did hear the Colorado climate did things for a person and it's certainly stretched Metz.

Changing my gaze to another ember I see a carnival, and immediately my eyes are fastened on a poster displaying a picture of a lion tamer. I recognize the fellow as BILL MUNTZ. Poor lions, if Bill is half as mean with them as he was with Mr. Foulke in Chemistry. The strong man with the carnival proves to be FRED STRANG, and it is no wonder; he was musclebound in '41. Over at the baseball pitching stand I see BILL STRAUSS. It's somewhat the same job Bill had in school, only instead of bowling pins, he is setting up milk bottles.

Looking over to a smoking heap of ashes I see a well-known night club, and upon entering I notice the hat-check girl is ETHEL GOULD. Ethel did have a strange aptitude for checking and doubly so. I recognize some chorines in the dance routine. There is HELEN MOORE, MAXINE MOYER, (to think that they are still together after all these years) and BETTY MILLER. The word is going around that all three have millionaire playboys on the string. Nice going girls. The proprietor is none other than AMOS SHEETS, and I thought he would be a minister! Mr. Sheets has a specialty with his regular show this evening. It is the SECHRIST SISTERS doing a song and dance

act. They just got back from a tour of Europe and I hear Hitler made them dance more than once—to bullets?

Turning my gaze to another smoldering ember, I seem to be sitting in front of the radio, and as I turn the dial I hear the familiar voice of that super snooper, MAX WEAVER. Max is a great sports broadcaster too. "Flash! MR. LOWELL McCUEN, the coach at Southern California, is helping his wife knit their fourth little set of sweaters and booties, and they are not for the British aid. Scoop! What well-known widow is out on the hunt for a fourth husband, none other than MILDRED STUMP. Her last victim died of ptomaine poisoning after Millie found out he had been double-crossing her in Leesburg." Having heard of a few of my old classmates, I turn a dial and hear a voice saying, "Good Morning everyone. This is your Aunt ISABELLE PLETCHER bringing to you another program of Tasty Tidbits to Serve."

Now I turn my gaze to another ash and I see once again Broadway, and with his name in lights is that sheik ROLLAN SPONSELLER. I hear it is his fourth trip east to thrill the girls. He must enjoy being mobbed by women, but then what man wouldn't?

Changing my gaze to a smoldering ember I see a field, and walking along the fence is EVERETT RUMMEL; he has just been recognized for his marvelous invention which helps the housewife considerably. It's a pea pod with zipper fasteners on, thus reducing the time to shell peas.

Glancing over to a heap of smoldering embers I see a school building and upon entering the Home Economics Room I recognize the teacher as DOROTHY MALCOLM. She even mixed up her solutions well in Chemistry so undoubtedly she is a whiz with food essentials. From there I start down the hall and meet the new English teacher PHYLLIS STUMP, who is having a flirtation with a mailman in this city. That seems to be a way with English Teachers. The baseball coach here proves to be BERNARD STOUDER, and I hear he has lots of tricks up his sleeves left over from high school.

In the ember over there I see a stadium and a professional basketball game is going on. The main attraction is that "Hoosier Hotshot," RICHARD PIPPEN. He keeps making such funny faces there on the bench.

Glancing over to a smoking ash I see a laboratory, and according to the papers it is the haven of the modern Einstein. I know him! It is WILFRED WISE. At the moment he is attempting to invent a dripless ice so all icemen can call on housewives without leaving any incriminating evidence.

In the heap of smoking ashes over there I see a dog sled just reaching the North Pole; it is those three well-known explorers, LAMAR WARREN, GERALD THOMAS and RICHARD GEORGE. I hear that Thomas is having a flirtation with an Eskimo and may settle down in an igloo, while the other two are busy catching seals to give a fur coat to their girls in Bremen, Etna Green, etc.

Glancing over to a dying ember I see a smartly dressed woman leaving a Fifth Avenue store, it is WILMA HAMMAN. She just finished her most famous dress design. It is an all over print with grapefruit, oranges and all types of groceries gayly colored. She claims to have gotten her idea from walking through a Lloyd's Trading Post. I wonder if she gets any other ideas from walking through there?

Changing my gaze to another smoldering ash I see a beauty salon, and it is operated by PHYLLIS METZLER. At the moment she is beautifying DARLENE HANEY, who is now the "Singing Lady" on the Kellog hour.

In the pile of ashes over there I see a transatlantic airplane landing at San Francisco, California, and getting off the plane is GENERAL RICHMOND, (and I thought sure John's flat feet would keep him out of the army). He is out here to get a glimpse of Hollywood. Behind him is that glamor girl, ARLENE BIGLER. She is out here to sign a

contract with United Artists to play "Mazie" parts. The pilot is HOWARD KURTZ, with MERVIN MILLER as co-pilot. Both should be good aviators; they drove cars as if they were flying low.

In that smoldering ember I see the San Francisco harbor and "the fleet's in!" All the girls are down to meet the sailors. There is OLIVE HUFF, who is a telephone operator, VERDA HEPLER, who is a night club entertainer, JEAN SCHELL, a stenographer, CHARLOTTE SLABAUGH, a tap dancer, and ESTHER HUFFMAN, who is doing a grass skirt dance at the Hawaiian club owned by RICHARD AVENMARG. Richard leads his Hawaiian music too, but not in a grass skirt. Well, here come the sailors; I recognize TOM HOUSOUR, and OLIVER STUTZMAN. I'll bet they both have girls in every port. At least Housour had one in every grade in high school.

Glancing over to another ash I see a hospital, and I recognize a nurse coming towards me, it is ELOISE STAHLEY. She tells me she is working for a "Quack" whose name is LAMAR CLOUSE. The dietitian in the hospital is LOIS WAGNER, and it seems she eats her own cooking and is one of the hospital's chief patients, too.

Changing my glance to another smoldering ember, I see a newspaper stand and on the front page is a big picture of All-American HAROLD COPSEY. It seems he pulled a blunder and ran 85 yards the wrong way. That is Slug, all right, of the class of '41. Turning the pages to the society section I see that the debutante, REATHA DUMPH, has accepted an advertising job for Welsh's Grapejuice. She is to be an example of Welsh's reducing power.

Glancing over to a flickering flame I see a black limousine cruising down a busy street, the chauffeur is GORDON McCORMICK. I should have known from the way he handled the car. The passengers in the car are two prominent men—JAMES OSBORNE, a noted architect whose hobby is designing those half moons we see on W. P. A. projects, the other is LAMAR WEAVER, the drug-store magnate. LaMar has succeeded in his work and now owns three-fourths of the Rexall stores in the U. S.

Glancing over to another smoldering ember I see a music conservatory, and standing there with her glasses down on the end of her nose is CHARLOTTE LAMB. She is supervisor of the institution.

Glancing over a heap of ashes, I see an office building and inside taking dictation on her boss's knee is ISABELLE RENSBERGER. She got her shorthand experience in high school, but I don't know about the knee-sitting.

Turning my gaze to a smoldering ember I see the New York Harbor and there standing on the dock waiting for the ship to India is LAFERNE HOCHSTETLER. She is going to India to marry Mahatma Gandhi. Well, even if she isn't getting much of a man, she can spend his money and enjoy it. Beside her is JEAN HARTER, a model at Saks, Fifth Avenue, who is smartly dressed in a red and white ensemble. Imagine, the old school colors of Goshen.

I hear someone behind me loudly exclaim, and as I turn to see what is so breath-taking I seem to come out of my dream as quickly as the giant skyrocket flashes in the sky. It has been a real sensation to visualize my classmates, and I return my thoughts and mind to the rest of the celebration.

Phyllis Kurtz.

THE DIPLOMA HOUR

The Class of 1941 numbers 62. There are thirty boys and thirty-two girls. During the past eighteen years including the present class, 432 boys and 452 girls have graduated from N. H. S. The valedictorian has been a girl thirteen times. The salutatorian has been a girl eleven times. This year both valedictorian and salutatorian are boys. Three cheers for the boys!

Birthdays are not evenly distributed throughout the year. There are ten in both July and August; seven in June, six in February, five in both March and April, only two in May and three in January, October, November and December. There are twins on June 23, July 2 and August 9 and triplets on July 20. One graduate celebrates February 12, another February 14, and a third April 1. Seven of these students were born between August 20 and 31. Both the oldest and youngest are girls. Norma Sechrist is the baby of the class with Esther Sechrist only thirty-two days older.

The average age of the boys is 18 years, 0 months and 29.95 days. The average age of the girls is 17 years, 10 months and 25.87 days. The boys of the present class are younger than thirteen of the past seventeen classes. The girls of the present class are younger than eleven and older than five of the past seventeen classes.

The attendance of this class is not quite so good as that of last year's class, although the record of the girls is not a poor one. The average attendance of the girls is 97.861%; that of the boys 96.908%. The girls missed an average of 3.414 days each year; the boys missed an average of 4.983 days each year. A total of 1015 days had been missed up to April 10, 437 days by the girls and 578 days by the boys. Those who have missed five days or less during the four years are as follows: Richard Avenmarg, Esther Huffman, Ethel Gould, and Amos Sheets have perfect attendance. Jean Schell missed 1 1/3 days; Lois Wagner and Gertrude Yoder each missed 2 days; Charlotte Lamb 2 1/2 days and Arlene Bigler 3 1/6 days.

Of the 62 graduates, one entered Nappanee High School in 1928, twenty-nine in 1929, ten from second to eighth grade, and twenty-one entered as freshmen or later. Of these twenty-one, seventeen entered from the rural schools of the surrounding townships. Seventy-eight children were enrolled in Nappanee first grade during the school year 1929-30. Of these seventy-eight, thirty are on the plantform tonight, twenty-six have moved away, thirteen have dropped out of school, one unfortunately met death by accident and eight are still in school. Sixteen of these graduates are transfer students and forty-five live in Nappanee.

JUNIOR HISTORY

President.....Josephine Mullett

Vice President.....Lisle Roose

Secretary-Treasurer.....Vivian Postma

At last we are Juniors! ! It seems ages since we were in the grades *and* in High school. But, being very, very green Freshmen, we soon learned that being the lowest class in N. H. S. wasn't what it was "cracked up to be."

During our entire history, we have had skating parties, but this year we changed the habit and had a party in the gym. Now, is there any Junior who doesn't know how to play "Farmer in the Dell"? The next and greatest party of our time, is to be the annual Junior-Senior Reception. We're sure that we can throw as successful a party as any Junior class yet.

The class is well represented in all school activities, but our most outstanding member, and the one most seen, is Robert Geyer, better known as "Shanty". He is the one who keeps the basketball team supplied with wet towels and lemons, and we are all quite proud to have him working (?) for the team.

Josephine Mullett is our current and able president, with Lisle Roose as her right-hand man. Vivian Postma remains as the official scribe and banker. Norma Sechrist, Willis Roose, Raymond Kern, and Walter Reed are our Student Council members.

Next year will be the end of our illustrious career in N. H. S., and I'm sure everyone in the class has enjoyed his first three years here, and is looking forward eagerly to the year when we shall be seniors. . . .

SOPHOMORE HISTORY

President.....James C. Miller
Vice President.....Keith Dumph
Secretary-Treasurer.....Jane McFall

Another year has rolled around and we, the "Class of '43" continue our voyage toward graduaton. We now have a crew of about seventy-three, having lost six or seven overboard during vacations.

At the first of the year, we elected the following officers; James Carl Miller for captain, and Keith Dumph as first mate. The councilors of our ship are Bette Tobias, Ellen Jean Pippen, Olen Stutzman, and James Ellis Miller. Our sponsors are Miss Stephen and Mr. Foulke.

We were sailing along smoothly until January, when the crew decided they would like to see a good movie. On January the twenty-third, we all walked down the gang-plank into the "Fairy" and saw "You'll Find Out."

However, our gobs do more than deck work. We wear unnautical badges of the Senior G. R., Hi-Y, G. A. A., Band, and many other organizations. We also have a few "Pups" on the team. We shall anchor this May in the harbor of Vacation-land, and will take up the oars again next September on the third part of our voyage, to our destination, successful graduation.

FRESHMAN HISTORY

President.....John Maust
Vice President.....James Stillson
Secretary-Treasurer.....Mary Louise Laser

We, the class of 1944, have landed safely on first base wth 77 players, including eleven from the rural schools and Miss Shively and Mr. Kinder as our umpires. Our pitcher is John Maust with James Stillson as his assistant and Mary Louise Laser as record and score keeper. With graduation as our goal, we are striving to land as safely on the remaining bases as we have at first.

Athough we have lost one umpire, Mr. Kinder, Miss Shively still remains on the diamond to coach us.

We are proud to have four of our players, Gardner, Hoover, Mellinger, and Kurtz on the second basketball team. Many of our players are enrolled in Junior Girl Reserves, G. A. A., and the High School Band.

During the first inning we enjoyed a skating party at the Stuckman Roller Rink.

We are looking forward to a home run from each player.

"Democracy"

AT ITS BEST

On this page you are given a glimpse of N. H. S. through the lens of a "seeing all" camera. Work, play (including horse), love (puppy), character and characters, plus the unforgettable fellowship of high school, are made known to all interested, by the magical printed page. May these pictures in the future be a medium for those leaving Nappanee High School during the '41 era to keep that common touch, so characteristic of the class of '41. It may be further added, that all similarity to persons, living or dead, is purely coincidental.

NATIONAL HONOR SOCIETY

President.....Harry Middleton
Vice President.....Amos Sheets
Secretary.....Dorothy Malcolm

This is the sixth year for the National Honor Society of Secondary schools in Nappanee High School. The charter was granted to the Nappanee Chapter on March 25, 1936. Membership in this organization is based on four virtues: Character, Scholarship, Leadership, and Service. The members of the organization are chosen by the entire faculty. The membership of the organization is limited; only fifteen per cent of the Senior class may be selected.

Ethel Mae Gould, Amos Sheets, Dorothy Malcolm, and Harry Middleton were members of the society for the past two years. During the year, members of both Senior and Junior classes have been added.

Developing school citizenship was the theme of this year's work by the society.

◆

STUDENT COUNCIL

President.....Willis Roose
Vice President.....Richard Avenmarg
Secretary.....Norma Sechrist

The Student Council is an organization which permits students to help in making and maintaining school laws and regulations.

This year the Student Council promoted several movements which met with success. They attempted to keep order at various public performances. The Council also issued bulletins to the various home rooms concerning loafing in the halls, marking on desks, etc. A bulletin concerning colds, sponsored by Miss Sanks, the school nurse, was also issued.

The members are elected as follows: Each home room is to elect one member except in a few cases in which there were two members elected because of the size of the home room. In this manner every class from the seventh grade on up has an equal membership of four members.

The Student Council sponsors the Girl's Athletic Association with Josephine Mullett as its chairman.

PHI-KEM SCIENCE CLUB

President.....Bob Stump
Vice President.....Lisle Roose
Secretary.....Harry Middleton

The Phi-Kem Science Club was organized in 1936, largely through the efforts of Mr. Foulke and several students, to encourage and create an interest in chemistry, physics, and other fields of science.

This year's members included Robert Stump, president; Lisle Roose, vice president; Harry Middleton, secretary-treasurer; Robert Geyer, news reporter; Francis Weldy, Everett Rummel, Amos Sheets, Mervin Miller, Walter Reed, John Richmond, Cassel Hoke, and Richard Avenmarg.

Meetings are held bi-weekly in the chemistry laboratory. Programs consist of a preliminary business meeting and discussion with a period of laboratory experimentation following.

To become a member one must have, among other things, an average of "B" or above in both science and citizenship, and must have enrolled in some course of science for at least one year. Because of these high entrance requirements and because of the splendid leadership of Mr. Foulke, this club has been quite successful and thoroughly enjoyed by every member.

The Junior Girl Reserves was organized in 1925 by Mrs. Georgia Miller Replogle as a branch of the Senior Girl Reserves and of the Y. W. C. A. The club is made up of seventh, eighth, and ninth grade girls with Miss Shively as sponsor.

The rough initiation was held October 18. 1940 with most of the girls present. A very impressive candle lighting service was held on December 4, 1940.

Our meetings include musical numbers. readings. plays. and talks. We have had several guest speakers.

SENIOR GIRL RESERVES

President .....Dorothy Malcolm
Vice President .....Bennie Sue Blackburn
Secretary .....Gertrude Yoder

The Girl Reserve Club was organized in 1925 as a Branch of the Y. W. C. A. Miss Hazel Dickey was the first sponsor of the G. R. Club at N. H. S. with Miss Lantz and Miss Stephen as the present sponsors.

Our rough initiation was held in September at the school house as was our serious initiation. Miss Lantz and seven girls attended the G. R. Conference at South Bend on February 22.

The purpose of our club is to "Find and give the best." One of the interesting parties held by the club was a Christmas party given for the needy grade school children. We also contributed a basket to charity.

The co-operation this year by the club members, the sponsors. and the faculty has made the club a greater success than ever before.

BAND

President .....RICHARD AVENMARG

Vice President .....BENNIE SUE BLACKBURN

Secretary.....WILMA HAMMAN

There are approximately 95 students enrolled in band this year. The senior high band boasts a membership of 62 while the junior band numbers 40. We also have a marching band of 48 members.

Recently received from the American Legion were two flags: an American flag and a school flag. The band appreciates this great honor. Also new to the band this year are three drum majorettes who have added much color to our already fine appearing band.

The band in its own pleasing and spectacular manner, played at all athletic contests adding much to the season. In February our band and three other bands went to Goshen and took part in a band clinic conducted by Mr. Harvey.

Funds were raised this year by a mid-year concert given in February. It was enjoyed by all who attended.

After a very successful year, the band wishes to thank the school board, Mr. Abell and the Band Boosters club for their kind consideration and help to the band during the year.

CHORUS

This has been a very active year for the Chorus Class. It has developed very ably under the combined direction of Miss Lantz and our talented pianist, Barbara Mutschler.

Singing for the North Central Teacher's Conference at South Bend, October 24.

Concert at the Methodist Church, December 1, 1940.

Singing for the County Teacher's Meeting, February 15.

The Operetta "Purple Towers" March 12.

Combined program with the Band and Speech Class during May.

Baccalaureate Service at the Methodist Church, May 25.

FUTURE HOME MAKERS

President.....DOROTHY MALCOLM
Vice President.....JEANETTE SLABAUGH
Secretary.....DARLENE HANEY

The Future Home Makers Club was first organized in 1933 for the purpose of interesting home economics girls in home making. Membership is limited to girls who have completed one year or more of home economics in school. The club has a membership of twenty-seven this year.

All enjoyed an initiation party at the home of Phyllis Stump.

One of the most enjoyable events last year was a trip to Elkhart, taken in the Spring. The girls held a cookie sale on Valentine's day, and the money is to be used for another trip this year.

DEBATE TEAM

The varsity debate team began the season in December by attending the annual Purdue Debate Conference. Two of the group, Nathen Jones and Robert Miller, were members of the student Legislative Assembly.

The team and their sponsor attended the Elkhart debate conference where the boys debated with the teams of many of the schools of northern Indiana and southern Michigan. During the months of February and March they also gained experience by practice debates at the Peru debate conference, at Riley of South Bend and at Central of South Bend.

At the district contest of the State Debating League, in which Nappanee competed with Concord, Elkhart, Fremont, Goshen, Middlebury, and Warsaw, both the affirmative and the negative teams drew a win and boosted the rating to fourth place in the conference.

The boys, Nathen Jones, David Miller, Robert Miller, and John Regenos, shall give their competitors some tough competition next year.

LIBRARIANS

Standing: Isabelle Pletcher, Miss Shively, Richard Avenmarg.
Seated: Irene Tobias, Virginia Holaway, Norma Deisch, Verda Longfield, Jean Schell.

Many new fiction and non-fiction books have been added to the library this year. There have also been some new magazines placed in the library.

Books and magazines that are in great demand and also books for reference readings are placed upon reserve shelves. Reserve books can be used only one hour at a time, or at five cents an hour if not renewed.

Each librarian is in charge of the library one period each day. The work consists of charging all books and magazines that leave the library, collecting fines and helping students find material.

The same rule of requiring students to get permission to use the library during study hours is still in operation. This has reduced the number who visit and loaf.

Under the supervision of Miss Shively the librarians are given instructions to increase the efficiency of the library.

CLASS POEM

Now close the year; our last with you—
Another world outside.
Peace had twelve years with us, it's true;
Peace gone? And still a pride
Asks us to keep it free;
Not bound by servile chains
Even now we feel the far melee,
Even now our nation strains.

Hold high the greatest thought portrayed
Inside our schoolroom wall:
"**G**reat countries by great people made",
Heed no defeatist call.

Start well your job and keep it so;
Create, and build, and live.
Have all your friends, your country, know
Only fools can take, not give.
Over all remember, and ever show
Life's free to those who live.

Phyllis Kurtz

PLAYERS

LOWELL McCUEN—"Cut" played only the first half of the season, unfortunately breaking his arm in the first Goshen game. His ability to hit those invaluable long shots made it impossible to replace him. Senior.

HAROLD COPSEY—"Slug's" drive and hard work plus his being able to go at top speed during a whole ball game enabled him to be the most improved player on the squad. Senior.

RICHARD PIPPEN—"Bone's" one handed push shots and his exceptional leadership as captain the past two years will be sorely missed and probably the hardest to replace. He was the only man to play three years of varsity ball. Senior.

ROBERT STUMP—"Bob", all sectional forward in 1941, was one of those fellows who was never satisfied with his ability, but who worked hard in every practice until he was our most valuable scorer. Senior.

CARLYLE TOBIAS—"Elmer's" height, weight, and speed for a big man held many an opposing center to less than his usual number of buckets. "Toby" also had the best shot percentage on the squad which makes another big job for some one to replace him. Senior.

ROLLAN SPONSELLER—"Sponic's" long and short shots dismayed many an opposing guard, particularly in the last Goshen game. As a player who could be substituted at any time, he was one of the squad's key men. Senior.

OLIVER STUTZMAN—"Ollie's" spirit and sportsmanship, plus his hard work and an aptitude for a fire-horse game got him in almost every game. Senior.

BERNARD STOUDER—"Barney" always swished a couple of longs at the start of practically every game. This and his fine attitude made him one of the regulars. Senior.

DAVE JOHNSON—"Dave's" passing and excellent foot work, coupled with a good shooting eye should develop him into a very good player as he has another year of competition. Junior.

RAYMOND MILLER—"Atlee" made the long jump from the third team to the first team in one year. His defensive and offensive abilities made him a good competitor. He has another year in which to play his full share for N. H. S. Junior.

PAT DOYLE—"Pat's" speed, good basket eye, and good competitive spirit enabled him to get his share of points and do his part on defense. Junior.

GERALD BIGLER—"Lob" is one of our up-and-coming ball players. As a sophomore, much is expected of him as a result of his fine play on the second team and his timely play on the varsity. Sophomore.

(*These writeups by Coach Best.*)

The graduating class of '41 wish the team of '42 all the success possible, and hope to see it bring Nappanee back to the peak it once held in the realms of Indiana basketball!

OUTSTANDING GAMES OF 1940-41

NAPPANEE 28.....WAKARUSA 26

This was one of the outstanding victories which the Bulldogs won this season. The teams battled evenly until late in the third quarter when Nappanee snapped out of it and went into a five point lead. Minutes later the Indians forged ahead with some fancy shooting. With seconds to go, Pippen sunk a one hander from the foul circle tieing the score with 26 all. The game went into an overtime with Nappanee controlling the ball until Copsey drove under for a lay-in shot, counting two points and the game.

NAPPANEE 34.....GOSHEN 21

In this game the boys were out for revenge of the earlier season's loss and McCuen's accident, but due to cautious playing, they had to wait until the second half to get it. The Redskins led at the half by the tune of twelve to eleven. In the second half, led by Pippen and Sponseller with ten points apiece, the Bulldogs overtook and completely depleted the Redskin's hopes for a Conference victory. This was the best game the Bulldogs played the entire season and raised high hopes for the sectional tourney.

1941 SECTIONAL AT GOSHEN

The Nappanee Bulldogs entered the tourney against the Concord Minutemen on Thursday night, the first game. The game was close, with the green shirted Minutemen enjoying a two-point lead at the beginning of the fourth quarter....thanks to some loud whistle tooting by Referee Piper and sensational foul shooting by Huffman, Concord captain. Nappanee had three regulars sitting on the bench and numerous other boys with three personals. Concord continued to hold the lead, finishing the game with the score 34 to 27. This was the last high school basketball game for seven seniors, most of them under Coach Best for six years. Concord went on to defeat Jimtown and Elkhart in the semi-finals, but bowed to the New Paris Cubs, winners over Goshen, in the finals in a typical title game.

COACH

With the close of the 1941 athletic season at Nappanee High School, Wayne (Beef) Best will have completed two successful years as head mentor at N. H. S. Considering the limited supply of material and the tough schedules played, the records achieved are commendable. This shows that he must have something besides a good knowledge of basketball and it is to those other things, fairness, courage, and leadership, that this yearbook is dedicated as a means of saluting a real American.

STUDENT MANAGERS

The managerial duties such as towel tossing, giving rubdowns, taping ankles, and doing general dirty work were ably taken care of this year by Student Manager-in-Chief Robert (Huge) Geyer and his half-pint assistant, Harold (Whiskey) Miller. Both will be ready for more work next year. They, along with the team statistician, Julian Walters, merit much praise for their work this year.

CHEER LEADERS

Bette Tobias, Ellen Jean Pippen, and Shirley Walters comprised the leaders of the student cheering section this year. Their hard work on new yells and their constant efforts to increase school spirit led to the best organized cheering of the last few years. They have two more years in Nappanee High; so we expect great things of them.

G. A. A.

The Girls' Athletic Association, organized in 1931, gives the high school girls a chance to participate in athletics and a chance to win monograms as well as extra curricular points.

The girls' inter-class volley ball tourney, sponsored by the G. A. A., was won by the Freshmen. The basketball tourney will be held later in the spring.
There are eight sports in the club: basketball, volleyball, baseball, track, tennis, hiking, bicycling, and the newly added sport, bowling.

A girl must participate in at least four and not more than six sports to gain points. When 150 points are obtained, she received her N. H.S. monogram which entitles her to buy a larger one.

JOKES

A local flapper was overheard to say: "I can't get along with my boy friend lately. He ignores me, and if there's anything that makes me hopping mad it's ignorance."

—o—

When a boy breaks a date, he usually has to; but when a girl breaks a date, she usually has two.

—o—

"I shall now illustrate what I have in mind," said Beef Best as he began to erase the blackboard.

Bob S. and Jeanne M. discussing current movie hit.

Jeanne: "It isn't any good. I saw it."

Bob S.: "Anything with Paulette Goddard in it is O. K. with me."

Max W. (Overhearing them): "What's that? Something to eat?"

Carolyn G.: "Yea, Goddard!"

—o—

"Did you hear about the fellow who went spooning the other night with his sugar, but found that there was nothing stirring!"

TRAGEDY LURKS IN THE CHEM ROOM

'Twas 3:15 in the chem lab,
The lesson grew dry as toast.
Everyone needed some water,
And Johnnie needed it most.

'Twas 3:45 in the chem lab;
Poor Johnnie was cold on the floor,
For what Johnnie took for H_2O
Was H_2SO_4.

It has always been the policy of our store to fit you correctly or not at all. I would like to have you stop in and try on a pair of Nunn-Bush ANKLE-FASHIONED OXFORDS. It will be to your advantage to get acquainted with Ankle-Fashioning—the Nunn-Bush feature which retards and minimizes the gaping and bulging that ages shoes. You will wear Nunn-Bush shoes longer—because they are Ankle-Fashioned.

I frankly believe our knowledge of feet and types of lasts, plus the unusual fitting qualities of our shoes, can render you a very real service. Stop in and let us show you the difference.

AN INVITATION . . . . .

Parents and others are always welcome visitors in our schools. Fathers, especially, come too seldom. With parents and teachers working together, we can do more for our children. Today in this war-mad world, we must do everything possible to prepare our children for life's problems. Come and visit with us. We want you.

I think that I shall never see
An "F" as lovely as a "B"
A "B" whose rounder form is pressed
Upon the records of the blest.
"F's" are made by fools like me
But who on earth can make a "B"?
